

## **Dr. Lorne Bunyan**

1926 – 2011

Lorne Bunyan was a great friend and confidant. When I started The Art Tree in 1996 Lorne was always there for me. He generously shared his enthusiasm and kindness with other artists as well. All of Lorne's paintings express his sincere heartfelt experiences of the Canadian landscape. Lorne's stories and historical knowledge of the Alberta landscape naturally poured out of him onto watercolour paper with vibrant colour combinations. Details in trees, grass and water always had specific purpose.

Lorne Bunyan was a true advocate of the environment. He was involved with; Alberta Wildness Society, Artist's in the Environment Tree Planting Society, Fly Fishing and many more outdoor activities that expressed his true love of art and nature. Lorne has left a wealth of legacies; the most important to me was that he was a true caring friend and exceptional human being. He will be missed.
